GERMANY AND FRANCE HALT NEGOTIATIONS

Different Views Taken as to Composition of Committee to Revise Dawes Plan for Reparations

SCOPE OF REVIEW ALSO IN QUESTION

Despite Divergent Opinions, Conversations Will Be Resumed and Agreement Is Not Unlikely

PARIS, Nov. 2.—Conversations of great importance respecting reparations and revision of the Dawes plan, are proceeding in Paris. S. Parker Gilbert, agent-general for reparations payments, conferred with officials of the Bank of France and the Ministry of Finance today. Dr. Alberto Pirelli, Italian financial expert, reached Paris this evening from London, where he conferred with Winston Churchill, Chancellor of the Exchequer. He met Mr. Gilbert immediately.

Agencies between the French and German viewpoints on the composition and scope of the work of the committee of experts to revise the Dawes plan, are said to have arisen. The German idea is that the experts should be independent citizens from each country, with proper authority in financial matters.

The conclusions which the committee would arrive at should be their own, to be accepted by their various Governments as deemed advisable. The French idea is that experts representing a nation cannot be independent of their national viewpoint or their Government.

Nevertheless, it is hoped that an agreement concerning the composition of the committee will be reached shortly.

London Elects 180 Women to Civic Councils

LONDON, Nov. 2.—Later returns of the municipal elections held throughout England yesterday showed an increasing sweeping victory for the Laborites, chiefly at the expense of the Conservatives. In London the Labor party made a net gain of 71 seats, the Conservatives lost 17. The Conservative losses were 85. Of 451 women candidates London elected 180. The Conservatives met with reverses in the provinces, where Labor gained 111.

U.S. AUTHORITIES ARE INTERESTED IN CASE

VANCOUVER, Nov. 2.—United States Federal authorities at Washington have taken up the fight for Robert Frank Stanley, eight-year-old citizen of the United States and subject of litigation in British Columbia courts for the past two years. It was announced in the Court of Appeal today the American authorities will be represented when the case comes up for argument. E. J. Brady, acting for relatives of the boy living in Washington, told the court the Veteran Bureau had called the attention of the Federal authorities to the case and therefore adjournment had been granted. The case was then put to the bottom of the list, and it may be adjourned still further and argued at the Victoria sitting of the court.

From the Colonist Tower

Saturday, November 3

36th Day, 1928
THE WEATHER
Victoria and Vicinity: Strong winds and gales, mostly easterly and southerly, unsettled, with rain.
Sun Rises: 7:04 o'clock.
Sun Sets: 4:33 o'clock.
High Tide: 11:14 a.m., 8.9 feet.
Low Tide: 1:02 a.m., 1.0 foot.

Sports
Rooster of Victoria Hockey team about completed. Manager Joe Smith signs another man, "Terchy" Peden arrives home after barnstorming tour of Europe, following Olympic Games.
Lengthy sport programme to be offered local fans today. Tommy Fielding all ready for tonight's battle with Hector McDonald.

Local and Provincial:
Cameron Investment Security Company buys property adjacent to Moody Block at Yates and Broad Streets.
Mr. A. Arnpup, 1002 Blanshard Street, badly injured when knocked down by auto.
City may feel great Pacific storm, 600 miles off Coast last evening.
Rumanian regency demands resignation of Premier.
Premier Hertzog dismisses South African Minister.

Foreign Sec'y National Guest When in Ottawa

OTTAWA, Nov. 2.—Sir Austen Chamberlain, British Secretary of State for Foreign Affairs, and Lady Chamberlain, will be the guests of the Government of Canada during their stay in the capital. Announcement to this effect was made tonight by Premier King, at the conclusion of a lengthy sitting of Cabinet Council. Sir Austen and Lady Chamberlain will arrive in Ottawa early on the morning of November 10.

No appointments were made at today's sitting, the Prime Minister stated. A further sitting of Cabinet Council will take place tomorrow. The Prime Minister was questioned in respect to the suggestion emanating from St. John's, Nfld., within the past two days, that Canada might purchase Labrador from Newfoundland.

"I do not know anything about it," was the Premier's only reply in response to interrogations on the subject.

SOUTH AFRICAN CABINET FACES WAR IN PARTY

Premier Hertzog Calls for and Obtains Resignation of Minister of Posts and Telegraphs

COALITION PARTIES MAY END ALLIANCE

PRETORIA, S.A., Nov. 2.—Mr. W. B. Madsen, Minister of Posts and Telegraphs, has resigned from the Cabinet and a crisis has arisen which threatens to have far-reaching effects on the Nationalist-Labor Party pact in the Union. The Government is a coalition of the two parties.

The immediate cause of Mr. Madsen's resignation is believed to be his action in negotiating with the native party workers through the intermediary of the Native Union. Premier J. B. Hertzog rigidly opposes dealings with this native body, which is termed a breeding ground of native political action. On this account therefore, the Premier, who leads the Nationalist Party, called on Mr. Madsen to resign.

DOMINION MAY BUY LABRADOR

OPENING OF NEGOTIATIONS REGARDED AT OTTAWA AS PROBABLE SHORTLY

Premier Taschereau, of Quebec, Says Question Is Federal Rather Than Provincial

OTTAWA, Nov. 2.—Interest has been aroused here by the statement contained in a dispatch from St. John's that one of the results of change of Government in Newfoundland would be the sale of the island to Canada or to an American syndicate. It is pointed out, however, that confusion might arise from such a statement, because the sale would be vastly different if it were made to Canada than if it were made to United States interests. In the former case, it is not the sale of the island, but the Province of Quebec or remaining as a distinct province. In the event of sale to the United States, however, there would, of course, be no change in sovereignty. Even in the event of Crown lands, pulp rights, or any other resources appertaining to Labrador being disposed of to an American syndicate, the country would still remain a part of Newfoundland. All that would happen is that United States interests would acquire control of the resources.

On the basis of the statements contained in the St. John's dispatch it seems likely that negotiations will be entered into for the sale of Labrador to Canada after Sir Richard Squires assumes office.

PREMIER TASCHEREAU
QUEBEC, Nov. 2.—The purchase of Labrador would be a question for Quebec first of all rather than Canada, Premier L. A. Taschereau said today in commenting on the statement of Sir William Coaker, following the Squires victory in Newfoundland, that one result of the election, in his opinion, would be "the sale of Labrador either to an American syndicate or Canada."

"The only intimation of the project," he said, "has been received," the Premier continued, "has been from the columns of the press." The Premier said that no suggestion was made at the conference over Labrador in Montreal two years ago, that Quebec or Canada should buy Labrador.

WILL RESUME BROADCAST TO FAR NORTH

Department at Ottawa to Wireless Programmes to Arctic and Subarctic During Winter Months

MANY STATIONS TO RECEIVE MESSAGES

In Addition to News, Personal Messages Will Be Sent and Also Instructions From Departments

OTTAWA, Nov. 2.—Broadcasting programmes to the Far North will be continued this Winter and messages will be sent to those police posts for the missions and the landing stations which are scattered throughout Canada's territory north of the sixtieth parallel. The programmes will begin on Saturday night, November 17, at 11 o'clock. Eastern standard time, the Canadian Westinghouse Company operating the broadcast in conjunction with allied stations in the United States.

Officials of the Northwest Territories branch of the Department of the Interior said today that the success, which had attended previous efforts, encouraged them to continue. Gratifying results had been obtained, inasmuch as the lives of the men on the lonely outposts of Canada's northern empire had been greatly cheered by this contact with the world.

For the most part the messages sent are of a personal nature, being expressions of regards from relatives of the men distributed throughout the North. Another phase of the broadcast is one which assists the department at times in that instructions can be sent to the officials in the North supplementary to those already given by mail.

A network of wireless stations now extends over the Northland.

Ontario Settlers Have Heavy Loss From Downpours

COBALT, Nov. 2.—Unprecedented rains have caused losses to settlers in Northern Ontario that may total more than \$1,000,000. With hundreds of settlers facing privation for the complete loss of their crops, organized relief work is being planned in the farming sections along the Temiskaming & Northern Ontario Railroad and in Algoma, according to Fred Kennin, M.P.P., who passed through here today.

Young Woman In Juneau Burns To Death at Home

JUNEAU, Nov. 2.—Mrs. Harriet Conn, twenty-eight, was burned to death here today and her husband, John, was badly burned when their house was destroyed by fire. So far as known she was alone in the house, cleaning a room with gasoline. An explosion, which set the house with dense clouds of smoke, brought the husband running from another part of the house. He was severely burned and taken to the hospital unconscious. A son, three years old, was playing outside. The woman was a sister of Mrs. W. E. Albert, evangelist, of Everett.

MAYOR GRAY IS NOT UNWILLING

NEW WESTMINSTER OFFICIALS COMMENT ON ATTORNEY-GENERAL'S MESSAGE

Say They Have No Objection to Provincial Authorities Stepping In to Enforce Law

NEW WESTMINSTER, Nov. 2.—The ultimatum issued Thursday to the board of police commissioners by Hon. R. H. Pooley, Attorney-General, to clean up the illegal liquor conditions in New Westminster, will be considered Monday morning by the commissioners. Mayor A. W. Gray announced. A regular meeting of the board has been scheduled for that day, he said, and there was no intention to call a special meeting.

Although the clean up order of the Attorney-General is couched in very definite terms, both Mayor Gray and Chief of Police G. T. Bradshaw, after its receipt, were slow to let provincial authorities do the "mopping up."

"There is a fence around the town," said Mayor Gray. "Let Pooley send his men if he can improve the situation."

The provincial officers had acted in the city under the previous Liberal Government, said the mayor, and the proposed move was not new. He added that the chief of police had a free hand in the situation and nothing had been done to prevent him carrying out his full duty. Major Bradshaw had increased this year, he said.

Lord Mayor Elected With Usual Ceremony

THE election of the new Lord Mayor of London, Sir Kynaston Studd, took place in the Guildhall with all the pomp and ceremony of ancient times. The picture shows Sir Charles Batho, the retiring Lord Mayor, second from left, with Sir Kynaston Studd after the election. On the extreme left is the Lord Mayor's sword bearer, and on the right the mace bearer.

LOTS BOUGHT FOR BUILDING ON YATES ST.

Cameron Investment Security Company Buys Property Adjacent to Moody Block

EXTEND FRONTS ON TWO STREETS

The Cameron Investment Security Co. has bought lots 161A, situated on Broad Street between Johnson Street and Yates Street, with an area of 74 ft. x 98 ft. and lot 162A, which is on Yates Street and measures 25 ft. x 79 ft. Both these lots adjoin the Moody Block, which is situated on the corner of Yates Street and Broad Street, and is now owned by the Cameron Investment Security Co. The acquisition of this new property should prove a great asset to the company in the near future. They will now have a frontage of 175 feet on Broad Street and 134 feet on Yates Street.

C.P.R. IS NOT IN NICKEL DEAL

NEITHER RAILWAY COMPANY NOR CONSOLIDATED COMPANY HAVE PART IN NICKEL MERGER

MONTREAL, Nov. 2.—Commenting on reports from Toronto, suggesting that the Canadian Pacific Railway had a comprehensive plan for eventually controlling the smelting industry of the Dominion through Consolidated Mining & Smelting, and suggesting that the railway system may turn up as the controlling interests in the International Nickel-Mond Nickel merger, E. W. Beatty, president of the Canadian Pacific Railway, today reiterated his recent denial.

"Neither the C.P.R. nor Consolidated Mining & Smelting," he said, "have any such association with the nickel situation, nor am I aware of either of these companies having formed any of the other alliances alluded to."

"What the Consolidated is doing," added Mr. Beatty, "is going into whatever field in the Dominion offers reasonable prospect for successful exploitation and development."

YUKON FROZEN OVER

DAWSON, Y.T., Nov. 2.—At 5 o'clock this morning, the Yukon River was reported frozen over throughout its entire length of two thousand miles. The ice usually breaks up and moves out in the month of May.

When a mother and a daughter plan a project for years and then the daughter falls in love and her thoughts go elsewhere, how can the situation be adjusted to preserve the happiness of both? By Inez Haynes Irwin.

DICK WHITTINGTON THRICE LORD MAYOR SPRUCE CREEK

Richard and his sister, "Miss" Whittington, by dint of economy and hard labor, finally hew for themselves a tourist "beauty spot" in the wilds of Newfoundland. By Harry Lewis.

THAT GAY YOUNG SET

The big dance of the Autumn, "the barn dance," had brought the "elite" as well as the merry suburbanites to a temporary "social spot" and through the medium of a flat tire all ends well.

Swimmers Escape Grave Peril But Get No Applause

COLOMBO, Ceylon, Nov. 2.—(Canadian Press cable via Reuters).—Some excitement was provided at this port today when a Canadian named Norton and two members of the crew of the steamship Cap Varella, both Germans, jumped overboard as the vessel was leaving the harbor and attempted to swim ashore. One of the Germans was drowned. Norton, handicapped by heavy boots, fought a desperate battle in a strong current in the shark-infested sea, and was finally rescued by a motor launch just as a huge shark attacked him. The surviving German was later found on the breakwater. Both the German and Norton were sentenced to a month in jail for "landing without a passport."

CITY MAY FEEL WHIP OF GREAT PACIFIC STORM

Meteorological Observatory Reports Centre 900 Miles West of Victoria at 9 o'clock Last Evening

FEAR FELT FOR SHIPS ON OCEAN

Moving slowly toward the Pacific Coast, the centre of a big storm was reported 900 miles west of Victoria at 9 o'clock last evening by Mr. F. Napier Denison, director of the Dominion Meteorological Observatory on Gonzales Hill. Spreading from the Aleutian Islands to the Island of Hawaii, the storm centre is extensive, the barometer in the affected area reading 28.40, a dangerously low level, according to Mr. Denison. The glass was at 29.65 here at 9 o'clock last evening and was still falling. "Vessels now crossing the Pacific will run into very heavy weather for several days," said Mr. Denison yesterday, "high tides and rough weather are predicted on the West Coast and already there have been gales at several points. Storm signals have been hoisted here at Nanaimo and Vancouver during the past two days."

Mr. Denison said there was a possibility of the storm hovering off the coast and finally disappearing, but on the other hand it might sweep across the Island and finish up in the interior of the province. In any event unsettled and stormy weather with rain and strong gales will be felt here.

SOUTHERN STATES REPORT TREMORS

ATLANTA, Ga., Nov. 2.—Earth tremors of varying intensity were reported tonight, shortly after 11 o'clock, from five states, Virginia, North and South Carolina, Tennessee and Georgia. Residents here reported no damage, but dishes rattled and furniture moved. At Asheville, N.C., telephones were thrown out of order. Other reports of tremors, but no damage, came from Kingsport and Chattanooga, Bristol, Va., and Spartanburg, S.C.

SERIOUS RIOT OCCURS IN CITY OF MELBOURNE

MELBOURNE, Nov. 2.—Two constables were seriously injured in yesterday's rioting at the Port of Melbourne. The newspapers declared the rioting was the bitter fruit "of the suppression" of their ships when the State of Victoria, headed by Premier E. J. Hogan, Premier Hogan states that the Government will protect lives and property and maintain order at all costs.

Speaking at Ballarat, Victoria, Mr. B. M. Bruce, Premier of Australia, offered to assist the state government in any way required to insure that mob rule would not prevail.

JAVA NEXT STOP

SYDNEY, N.S.W., Nov. 2.—Capt. Frank Hogan and Flying Officer Moir, Australian airmen bound for England, arrived at Wyndham, Northern Territory, at 9.45 a.m. They intend to fly across Timor Sea to Java tomorrow.

Head of Government in Rumania Told to Resign By Council of Regency

Premier Said to Have Refused to Accede to Demand—Step Taken by Regency Because of Dangerous Situation in Transylvania—Garrison Is Mobilized

Proposal Is to Form Ministry With National Peasant Party Included

LONDON, Nov. 2.—The Daily Mail tomorrow will print dispatches from Vienna saying that the Rumanian regency has demanded the resignation of Premier Vintila Bratianu, because of a desire to have all political parties represented in the Government. Bratianu is said to have refused to resign. The National Peasants party, which polled 78 per cent of the votes in Transylvania, has refused to participate in the celebration on December 1 of the tenth anniversary of the annexation of Transylvania, if Bratianu continues in power. The Mail adds that the premier informed the council of the regency that if his resignation was insisted upon, he would not sign the stabilization loan, since he could not take the responsibility of signing and then handing the loan to another Government.

Prince Henry to Head Mission to Court of Japan

TOKIO, Nov. 2.—It is reliably learned that Prince Henry, third son of King George, will head a mission to Japan early next year to present the Order of the Garter to Emperor Hirohito. It is recalled that Prince Arthur of Connaught came to Japan on a similar mission after the Russo-Japanese War to bestow the same order upon the Emperor's grandfather, the late Emperor Meiji.

LABOR GAINS DO NOT ALTER LONDON'S RULE

Control of Only One London Borough Changes Hands—Municipal Reformers Hold Eighteen CONSERVATIVES NOT PERTURBED

LONDON, Nov. 2.—(C.P. Cable).—Conservative headquarters challenge the Labor view that Labor victory in yesterday's municipal elections throughout England presaged similar results in next year's general election. The issues are completely different in the two elections, the Conservatives point out, and the Parliamentary election will be fought with a new register adding five million more women voters.

AGED MAN IS STRUCK DOWN

MR. A. ARNPUP, 1002 BLANSHARD ST., SUSTAINS BROKEN LEG AND OTHER INJURIES

Mr. George Mowat, Driver of Car—Victim Complains of Pains Over the Heart

Mr. A. Arnpup, aged about seventy years, of 1002 Blanshard Street, was struck down by an automobile at Blanshard and Broughton Streets at 9 o'clock last night and badly injured. He was taken to St. Joseph's Hospital, where he was attended by Dr. McCullum.

Mr. George Mowat, of the Blue Line Taxi Company, was driving north on Blanshard Street, when Mr. Arnpup walked out in front of the car, proceeding diagonally across the intersection.

MR. COOLIDGE FEELS CERTAIN

President Says Election of Mr. Hoover Seems Assured and Will Be Good for Country

WASHINGTON, Nov. 2.—President Coolidge tonight told Herbert Hoover, Republican candidate, that "you have shown your fitness to be president. I wish to congratulate you on the high quality of your leadership." The message was contained in a telegram the chief executive sent Hoover after the former had listened in on the radio to Hoover's St. Louis address.

ETNA IN ERUPTION

CATANIA, Sicily, Italy, Nov. 2.—An unusual eruption of Mount Etna began shortly after noon today and continued until 7 p.m. Smoke rolled forth and lava and rock were thrown out. The country in the vicinity of Cape Zaffarana reported that three light earth shocks were felt.

FATAL ACCIDENT

LACOMBE, Alta., Nov. 1.—Angus R. Morrison, Edmonton, provincial supervisor of fur farms, died in Lacombe hospital from injuries suffered when his car went into a ditch after passing another car on the Edmonton trail, three miles north

of here, yesterday. The car turned over several times. Mr. Morrison was found in the wreckage.

Mistress: "Surely you are not going to make a pudding with those dirty hands, Bridget?"
Bridget: "Oh, no, ma'am; I've just finished."

REALTY MEN HEAR STATUS OF FINANCES

City Comptroller Takes
Optimistic View of City's
Future From Financial
Standpoint

ADDRESS GIVEN ON ASSESSMENT

A number of illuminating and interesting figures were given yesterday by City Comptroller D. A. Macdonald and Special City Assessor James Fairweather, at the luncheon meeting held in Spencer's private dining-room by the Real Estate Board of Victoria.

Mr. Macdonald, in addressing the board on the subject of "City Finance," said that the gross debt on the first day of this year was \$16,643,547. At the end of 1928 it would be \$16,095,956, making a total reduction of over \$547,000. Over \$204,000 of serial debentures matured and were paid off during the year. Fifty thousand dollars of sinking fund debentures matured and were paid off last August, together with \$255,000 as the result of the refunding of Treasury certificates last March. \$974,000 of 6 per cent Treasury certificates fell due at that time, and were paid off out of the proceeds of the sale of \$681,000 of 5 per cent serial debentures, and a redemption fund of close to \$300,000

which had been built up during the last ten years. These debentures were sold on a 4.72 1-2 per cent basis, which was the best price realized by the city since the year 1913, and the result of which transaction was a great saving of interest to Victoria.

SINKING FUNDS

The sinking funds, said Mr. Macdonald, were in a very healthy condition. The general sinking fund, at the end of the year would amount to something in the neighborhood of two and one-half million dollars, and were paid off out of the proceeds of the sale of \$681,000 of 5 per cent serial debentures, and a redemption fund of close to \$300,000

He Sounds Like a Puzzle

WHAT is it that has fingers like a baby, and head like a dog, a mane like a lion, and a body like an eel, with four legs, that lives under water? Sounds like one of those popular riddles, but it isn't. It's real and James M. Palmer, a leading Canadian historical authority, has two of them. One is shown here. Biologists have identified it as a "Necturus," which can be found in many marshes, although very few of them are captured. Mr. Necturus is a member of the amphibian family of salamanders, newts, axolotls and "hell-benders." This specimen is about a foot long. The body is covered with mouse-colored skin prettily spotted, and has four short legs ending in four tiny "fingers." The head is large in proportion to the body and rather flat, but bears a striking resemblance to the head of a young puppy dog. The breathing apparatus is located at the side, and consists of three fleshy protuberances which are lined with a sort of dull crimson "fur." The creature, while usually sluggish, is capable of very rapid movement, propelling itself after the fashion of an eel when off bottom. It is said to be capable of giving a rather severe bite.

have \$2,500 in it more than theoretical requirements. Although it had been found necessary to increase the tax rate this year, went on Mr. Macdonald, the estimated expenditures for the year are only \$2,694,945, as compared with \$2,783,439 for last year.

FORESHADOWS REDUCTION

The general tax levy for this year amounted to \$1,804,135. Collections of arrears, too, were very satisfactory. Interest on fifteen-year consolidated arrears and last year's tax account being well over the estimate. The building permits to the end of last month amounted to \$1,568,342, as compared with \$1,108,140 for the same period last year. On the whole he considered that the prospects for a reduction in the tax rate next year were distinctly rosy.

ASSESSMENT MATTERS

Mr. James Fairweather gave some interesting facts about assessments of five districts, which were divided into retail and business blocks with "water frontage." The area enclosed by Pembroke, Johnson, Blanshard and the water, a five-acre block, Pinlayson district, Spring Ridge, north of Pandora, Fernwood north of Pandora, and part of section 48, between Bay Street and Hillside. The total increase of land and improvements, he said, was \$1,555,430, which increase was caused by new buildings, additions to existing buildings, and buildings previously assessed too low. The total gross assessments for 1929 were \$4,271,327. The area discussed was 1,271 acres, or 26.5 per cent of the total acreage of the city.

There had been a certain amount of criticism, emanating from some residential quarters of the city, said the speaker, which maintained that the assessment department was sacrificing them for the sake of the downtown lots. The two great considerations, he said, were ability to pay, and services rendered. He was reducing these figures in defence of his department, which was unwilling to "kill the goose which laid the golden eggs."

LIQUOR CHARGES ARE DISMISSED

Harrison and Isobel Whitehead Gain Acquittal—Case of Joseph Haig to Be Heard Today

Charges against Harrison and Isobel Whitehead of unlawfully keeping liquor in an inn, the Waverley Rooms, in other than a private guest room, were dismissed in the city police court yesterday by Magistrate George Jay, in handing down judgment in the case. Mr. Richard C. Love was counsel for the two accused.

Joseph Haig, charged with willfully breaking the plate glass windows of an automobile, the property of George Mason, and also with being intoxicated in a public place, was again remanded until this morning at the request of the accused's counsel, Mr. Stuart Henderson. Haig entered pleas of not guilty to both charges when first arraigned in court, but counsel stated yesterday that a plea of guilty would be entered on the intoxication charge.

Robert Antrobus was fined \$5 for failing to produce his driver's license upon demand of a police officer.

A fine of \$5 was imposed upon L. J. Campbell, who pleaded guilty to failing to bring his automobile to a full stop upon entering an arterial highway in the city.

MORALES RE-ELECTED

HAVANA, Cuba, Nov. 2.—General
Gerardo Machado Morales was re-
elected President of Cuba yesterday
in an election in which he was un-
opposed at the polls.
Though there are divergent po-

litical elements in Cuba, General
Morales was agreed upon several
months prior to the national elec-
tions as the candidate for each of
them. The ballots are far from hav-
ing been counted, but election of-
ficials said indications point to an
unopposed heavy vote in favor of
the Cuban president.

MR. ANDERSON SEEKS REDRESS

QUATHASKI CANNING COM-
PANY COMPLAINS OF EF-
FECT OF RULES

Regulations Prevent Pink Salmon
Being Put Up—Modification
of Restrictions Asked

Mr. W. E. Anderson, of the
Quathaski Canning Company,
which operates in the waters near
the Northern end of Vancouver
Island, is in the city. He was a
visitor at the offices of the Fishery
Department yesterday, where he en-
tered a protest against the regula-
tions put in effect by the Dominion
department, which cut him out of
the putting up of his ordinary pack
of pink salmon.

Mr. Anderson says that in past
years, when he was allowed to fish
according to the former rules, his
pack averaged about 25,000 cases of
them, the great bulk were pinks.
With the new regulations put into
effect this season, Deep Water Bay
was cut off from him, with the re-
sult that only 8,000 cases were put
up.

It is pointed out by him that the
taking of these fish was not such as
to endanger the spawning. They
were not on the spawning ground
when he took them in these north-
ern waters, but were on the way
to some other spawning places
farther south. The result, he con-
tends, is that these fish were taken
later in the southern rivers, like the
Fraser, with the condition being
created that the fish when taken
were in far poorer form for canning
than when they might have been
obtained by him, and when they
were still running in the salt water.

This difference in the quality of
the fish, he says, according to the
opinions of the buyers, would mean
at least \$1 a case less in value as
compared with his taking of them.
On the number lost to his canneries
there is therefore something like a
loss of \$20,000 a year.

Mr. Anderson was presenting the
situation before the Provincial De-
partment, although the authority in
the matter appears to rest with the
Dominion alone in this respect.

The Supreme Court of the prov-
ince has held that the Dominion has
no right to licence canneries or im-
pose a tax on their output. This
aspect of the situation is now under
appeal to the Privy Council.

Civic Reception Is Accorded Cyclist

WILLIAM "Torchy" Peden, internationally known cyclist, of Victoria, returned here yesterday after completing a European tour, during which he broke many track records. A rousing reception was accorded the youthful athlete at the City Hall. The above picture was taken during the reception, which he is held by the citizens of Victoria. Those in the picture are, from left to right: Alderman John Harvey, William Peden, Alderman William Marchant, Acting-Mayor Brown, Alderman Worthington, Premier Simon F. Tolmie, and Alderman James Adam.

Skirl o' the Pipes And Cheers Herald Return of "Torchy"

WITH bagpipes skirling and people cheering, William "Torchy" Peden, cyclist of international fame, arrived here yesterday on the afternoon boat from Vancouver after completing a tour of the European Continent, during which he lowered many track records. Proceeding to the City Hall at 3 o'clock he received a tumultuous reception. Before a crowd of some 250 people he was presented with the gift of the citizens of Victoria in recognition of his prowess on the cinder track, not only in Canada, but in France, Germany, Belgium, Russia, England, Scotland and other European countries from which he has just returned.

The reception accorded him was a most interesting tribute to the youthful sportsman, for, up till noon yesterday, it was not known that he was expected to arrive here in the afternoon. Modestly avoiding any outward show of pride on the part of those who had followed with keen interest his many achievements abroad, "Torchy" had endeavored to make his homecoming as unostentatious as possible, but for a Canadian Press dispatch from Vancouver he would have succeeded in eluding those who wished to pay him tribute.

Proceeding the procession from the Causeway was a detachment of the Sixteenth Scottish pipers, whose drumming music heralded his approach and caused pedestrians all along the route to pause and watch Canada's popular sportsman as he passed by on his way to the City Hall to become the principal in the civic reception arranged for him.

His proud parents, unable to await his arrival here, went to meet him in Vancouver. They accom-
panied him to the City Hall, where the Scottish pipers, of the Sixteenth Scottish, of which "Torchy" was a member, formed a guard of honor for him as he entered the main entrance of the building.

Occupying the car in which "Torchy" rode were Premier Simon F. Tolmie, Acting-Mayor Percy R. Brown and Alderman James Adam. The latter a well-known leader in sports circles of this province and the Dominion of Canada.

At "Torchy's" return a motorcade barked from the automobile, the crowd sent up a cheer. He was escorted to the main entrance where Acting-Mayor Brown delivered his address of welcome and presented a mantle clock as a token of respect and esteem from the citizens of Victoria.

ADDRESS OF WELCOME
 In making the presentation, Acting Mayor Brown said:
 "It is with great pleasure and satisfaction that the citizens of Victoria welcome you back to your native city and extend to you their hearty congratulations on the excellent results which attended your efforts in numerous bicycle races in the Old Land."

"During the whole period of your stay abroad we noted with much interest the outcome of the various races in which you competed.
 "We learned that Canada had been denied the honor of having a cyclist win the bicycle racing event at the Olympic Games, but we also learned that only one week before the race was called you sustained severe injuries while engaged in a tryout, and that you participated in this most important race contrary to the doctor's orders, and in the face of other misfortunes and difficulties that would have brought discouragement to many. In spite of this, however, you rode a splendid race."

"After the Olympic Games were over, we were glad to hear of your successes in Paris, Berlin, Warsaw and other points on the Continent."

DELEGATION IS NOT SATISFIED

DESIRES FURTHER INFOR-
MATION ABOUT REMOVAL OF
MAJOR HAMILTON

Assistant Purchasing Agent, Was
Dropped From Civil Service
List

Complaint has been made through a delegation to Premier Tolmie, of the circumstances attending the resignation of Major A. V. Hamilton from the position of assistant purchasing agent for the province. The Premier gives the assurance that the whole matter will be brought before the executive council and will be fully investigated.

A presentation of the situation from the standpoint of Major Hamilton was prepared, and handed to the Premier by Mr. H. D. Twigg, one of the members-elect from the city. In addition to this outline, a delegation visited the Parliament Buildings yesterday morning and interviewed the Premier on the matter.

It was explained by the Premier that the matter was a departmental one, and he had no knowledge with respect to it until the announcement of the resignation, and the acceptance of it, had taken place. He explained that he was therefore not in a position to go into the details connected with the position of affairs until he had sought further information than he had at that time.

Dr. Tolmie, however, accorded the delegation a hearing, being accompanied by Hon. W. C. Shelly, the Minister of Finance, under whose department the matter falls. The meeting was held in private.

It was explained to those present by the Premier that he could not look immediately into the merits of the situation as presented in the document filed, and backed up by the representations of the delegation. It would take a little time to consider the whole matter, but this would be done, he declared.

After assuring them that he could not go into the details of the situation on such short notice, Dr. Tolmie promised to bring the matter before the executive council, and then the complaint, as set out by Mr. Twigg, would be given thorough investigation.

If it were thought necessary to go further into the matter, this would be done, as he was anxious to see that everyone received fair treatment.

Included among the deputation who waited on the Premier on behalf of Major Hamilton were Lieutenant-Colonel Angus and Messrs. Alfred Carmichael, Thomas Walker, Harold Bray, Edward Tomlin, J. Heben Gillespie, J. S. Henderson, W. Maynard and A. Gore.

Major Hamilton is a returned man, who was appointed to the position in the department nine years ago.

Former Somenos
 Resident Passes
 The many friends of Mr. George H. Richards, Gardiff, Wales, will regret to learn of his sudden death on September 12. He had been unwell for some time, but his death came as a shock to all, especially to his sister, Mrs. H. Cornes, Duncan. Mr. Richards conducted a blacksmith shop at the corner of the Island Highway and Herd Road during 1912, 1913 and 1914. In July, 1915, he returned to England, paying his own way and enlisted with the caterpillar tractor section attached to heavy artillery.

He served right through to the Armistice. After his discharge he was appointed blacksmith for the Trinidad Asphalt Co. at Cardiff, where he has since resided.
 Mr. Richards, who was forty-one years of age, leaves a widow to mourn his loss, a brother at Quenel, B.C., and other relatives in England.

Women's Work and Institute Activities

Women's Clubs and Societies

Evening Branch, W.A.
The Holy Trinity and St. Andrew's Evening Branch of the Sydney W.A. held a very enjoyable "Inch Party" in Matthew's Hall, on Thursday evening, for the purpose of raising funds for the work of the auxiliary. In the prettily decorated hall about seventy guests assembled in fancy costume and a merry evening of games and competitions ensued. Mr. Cochran made a very efficient tax gatherer, who, armed with a long foot rule, measured the guests, including their heels and hats, and collected one cent for each inch in height.

He announced that the evening's measurements resulted in the prize for the tallest lady being presented to Miss S. Roberts, and the prize for the tallest man being awarded to Mr. G. Few, while a special prize for the smallest went to Miss Patsy Simister. In the evening's competitions, the prize for the smelling contest went to Miss Jesse Stott. The advertising contest was won by Miss May Cuthbert, and the ten-minute drawing contest by Miss E. Moses. Promptly at 11 o'clock the dainty refreshments were served, each gentleman choosing a gaily decorated box from the array, and sharing the contests with the lady whose name he found inside. The remaining of the evening passed pleasantly at dancing, which was continued until midnight, the music being supplied by Mrs. Horth, Mrs. Hugg, and Miss Cuthbert. The evening was a most successful one and great credit is due the president of the W.A., Miss E. Gwynne, who was largely responsible for its success.

Missionary Society
The Women's Missionary Society of Grace English Lutheran Church will meet Thursday evening in the social rooms of the church at 7:30 o'clock. Those who attended the recent convention in Seattle, those who attended the convention in Seattle, and those who attended the convention in Seattle, will be made by the delegates who attended the recent convention in Seattle. The convention in Seattle was an echo of the general convention held in Johnstown, Penn., in September. Extensive reports were rendered by Mrs. J. Drob, delegates, and Miss Anna Miller, representing the Young Women's work, also Mrs. T. Jansen, who is secretary of the Synodical Society. The convention in Seattle was an echo of the general convention held in Johnstown, Penn., in September. Extensive reports were rendered by Mrs. J. Drob, delegates, and Miss Anna Miller, representing the Young Women's work, also Mrs. T. Jansen, who is secretary of the Synodical Society.

Emmanuel Ladies' Aid
The Ladies' Aid Society of Emmanuel Baptist Church will serve Thanksgiving supper in the school room on Tuesday evening, November 6, between 6 and 7:30 o'clock. After the supper a programme of music and recitations will be presented. A very enjoyable social evening is anticipated. The choir, under the leadership of Mrs. J. Jansen, has been faithfully preparing for a concert to be given in the church on Monday evening, November 12. Many thanks are due to the members of the church for their generous contributions to the Thanksgiving season, which will be rendered.

Jubilee Hospital W.A.
The monthly meeting of the Women's Auxiliary to the Jubilee Hospital was held on Wednesday in the Nurses' Home, a full attendance of members being present. Arrangements were discussed for the coming year occupied the greater part of the meeting. Tea was served by Mrs. F. Clark and Mrs. D. Clark.

Graduate Nurses' Meeting
The monthly meeting of the Victoria Graduate Nurses' Association will be held at the Alexandra Club next Tuesday at 8 p.m.

LADY SPINKS NOW IN TORONTO
TORONTO, Nov. 2.—An interesting visitor to the city recently was Lady Spinks, wife of Sir Charles Spinks, commander-in-chief of the military forces in Egypt. Following a brief visit with Miss Lailey and Charles S. Lailey, 26 Whitney Avenue, she left to join her husband, the Sirdar, in Egypt.

Lady Spinks before her marriage was Miss Marguerite Coleman, of this city. It was during a boat trip to Canada that General Spinks met his future wife, the trip being made to visit his parents, Mr. and Mrs. John Spinks, who reside in Victoria, B.C. The romance on shipboard was quickly followed by an engagement. Their marriage took place while General Spinks was on furlough in 1916, recuperating from a bad shake-up received when he was buried by the bursting of a shell in Gallipoli. They have a small daughter, twelve years of age, and twin daughters of eight. General Spinks' last visit to Canada was four years ago, on the occasion of the golden wedding of his father and mother in Victoria.

A year ago last June General Spinks was knighted, and the former Miss Coleman of Toronto became Lady Spinks. The Sirdar has had a remarkable military career.

Weddings
SACHT-KELSEY
COURTENAY, Nov. 2.—The home of Mr. and Mrs. R. E. Haas on the Lake Trail was the scene of a pretty wedding recently when their niece, Evelyn, youngest daughter of Mr. and Mrs. William Kelsey, became the bride of Mr. F. O. Sach, both of Kelsey Bay. The bride's parents and members of the family were present and the wedding ceremony was performed by Rev. W. A. Alexander, of St. George's United Church. Mr. and Mrs. Chester W. Haas, who were themselves married quite recently, acted as best man and bridesmaid, respectively. The happy couple left for a honeymoon tour to Vancouver before making their home at Kelsey Bay.

A.Y.P.A. DANCE
Christ Church Cathedral A.Y.P.A. will hold a dance on Friday, November 16, from 9 p.m. till 1 a.m., at the K. of C. Hall, 902 Government Street. Refreshments will be served. Tickets may be obtained from members and from Davis & King's Music Store, Port Street.

Drooping Lines in New Negligees

An excellent expedient for that occasional, temporary but altogether unpleasant of the ego from its customary helpings, and a magic charm with which to banish that recurrent feeling of fatigue common to every woman leading an active and busy life is a very beautiful and fascinating negligee. Long sleeves of rest, relaxation and meditation. A negligee of allure has an amazing way of metamorphosing a woman from a plain and ordinary mortal into a creature of intangible and undefinable mystery and charm—even to herself, and what is more important—Especially to Herself! There is no stimulant quite so efficacious as the reflection from a woman's mirror of a very new and very charming self.

Following in the wake of the idiosyncrasies possible in the drape and the flare of exquisite attire, the negligee assumes its own newly graceful and undulating lines. And curiously, just such graciousness as is to be found in this silhouette possesses a subtle power by which to uplift the lines of the face.

To a slim foundation of rich fabric the designers of the new models add widened wing sleeves to cleave this type of garment from the plane of mediocrity. Long sleeves that become veritable drapes from the arms approach the exaggeration of the so-called angel sleeves. Velvet broadened chiffon is used for the handsome model sketched, illustrating this degree of exaggeration seen in the wing or angel sleeves, which joins the body portion by means of fagoting. This model is lined with crepe de Chine and trimmed about the neck and edge with Margot lace.

The sophisticated among negligees is the type clinging to the Princess line with subtly draped skirt. Satin in a soft shimmering coral is used for the one sketched in back view. Attractive coat types are differentiated from the bold old-over patterns by well-designed borders done in contrasting shades. As an instance of this is the border of transparent velvet, hand-painted and embossed, which trims the simple collared negligee of peach taffeta shown in the third sketch. Very charming models are fashioned from luscious tints of flat crepe, the wing sleeve joined to the shoulder by fagoting, the other wrist banded in several folds of self material, and the soft roll or shawl collar trimmed with a cluster of flowers such as the still smart gardenia.

Women's Institutes of Vancouver Island

LANGFORD
The members of the Langford Women's Institute held an informal bridge party last evening in the hall on Dunford Road, in honor of Mr. William Savory and Mr. J. L. Brown, who had kindly piped the water into the hall property. A very enjoyable evening was spent and it was decided to hold the card parties fortnightly for the Winter, commencing next Wednesday, November 7.

LUXTON, HAPPY VALLEY
An extremely well-attended meeting of the Luxton and Happy Valley Women's Institute was held at the home of Mrs. A. Page on Thursday evening, sixteen being present. The president, Mrs. R. Brown, was in the chair. Two resolutions from the Royal Oak Women's Institute regarding objectionable advertisements and the Peace Pact, were endorsed, as was one from Hornby Island W.I. regarding better transportation to and from the Island. A letter of thanks was read from Mr. Scouler, the hall secretary, was received for a donation of \$25 to assist in the installing the electric light in the hall. It was decided to start the whist drives, the first to be held at the home of Mrs. R. Brown on Saturday, November 24, with ladies' and gentlemen's first prizes and consolation prizes. Mrs. Frank Campbell gave an interesting talk on the work of women's institutes, advocating further aid to the small institutes in holding lectures, classes and demonstrations. At the close of the meeting, Mrs. McKay assisted Mrs. Page in serving refreshments.

SHAWNIGAN LAKE
A large and enthusiastic audience, composed of members of the Shawnigan Lake Women's Institute, the Cobble Hill Institute, and many other visitors met in the S.L.A. Hall on Thursday afternoon to watch Mrs. Nimmo demonstrate cake tings. Two cakes were deftly and beautifully iced and decorated, and many questions answered and points discussed. Mrs. Nimmo was warmly thanked. She was accompanied by Mrs. Henderson Lawrie, who spoke a few words before the demonstration started. All institute members much enjoyed meeting the two visitors from Saanich. Tea was provided by Mrs. Finlay, Mrs. Layton, Mrs. Munroe and Mrs. Gannon, and the meeting adjourned to Thursday, December 6, when the annual business will be transacted and new officers elected. The entertainment committee of the Women's Institute arranged and carried out a very jolly Halloween party on Wednesday evening, from 7 to 10 o'clock, in the S.L.A. Hall. Seventy children and forty grown-ups gathered for the fun. The fancy costumes worn by the children were very pretty, and it was fortunate that no judge was asked to award prizes as it would have been a difficult matter to choose between the black cats, the witches, the ghosts and other Halloween fantasies. The committee had figured on covering expenses only, but report a net profit of \$10, which they feel justified in turning in to the treasurer, as institute funds are largely spent on community needs.

Chemainus Parties

CHEMAINUS, Nov. 2.—Mr. and Mrs. F. Clark entertained recently in honor of the twenty-first birthday of their son Gilbert. A happy evening was passed in games and dancing. Dahlias and chrysanthemums were used in the reception rooms as decorations, and the supper table was centered with a gaily decorated birthday cake bearing twenty-one candles. Among the guests present were: Mr. and Mrs. Burns, Misses Doris West, Thelma West, Doreen Devitt, Ruby Cobbett, Elsie Jacobson, Mary Wylie, Miss Johnston, Messrs. Leslie Inglis, Donald Stevens, Cecil White, Gordon White, Gordon McInnes, Arthur Stonier, Douglas Mitchell, Ernest Howe, James and J. Stevens.

Mrs. E. M. Ankettell-Jones held a delightful children's party in the early part of the week, the occasion being the third birthday of her little daughter Susan. Those present were: Susan and Michael Ankettell-Jones, Rosemary Cryer, Mrs. Cryer, Patricia and Frances Guilbride, Roger Spurling, Sylvia Poole, Mrs. Donald, Mrs. Dunne, Mrs. Poole and Mrs. Spurling. Mrs. Donald assisted the hostess in serving tea. The juvenile visitors each received a balloon and toy as a favor.

On Tuesday afternoon Mrs. Russell Robinson entertained nineteen little guests at a jolly Halloween party. The afternoon was spent in various games and contests appropriate to the season, corn-popping, bobbing for apples, etc., being much enjoyed. Patsy English was the winner of the pinning the tail on the cat competition. Joyce Rowbottom and Gladys Cook tied in the treasure hunt. Kirsten Adam was voted the wearer of the ugliest mask and Florence Clark the wearer of the prettiest. At six o'clock all sat down to supper at a table gay with crepe paper napkins in orange and black, black cat place cards, orange candles and chrysanthemums. Just as was done to the delicious treats provided, the party breaking up at seven o'clock. Those present were: May and Muriel Robinson, Gladys Cook, Julia Behman, Laura Dods, Hermione Spurling, Betty Aiken, Joy Lang, Ruth and Betty Lowe, Violet Wylie, Joan Plant, Joyce Rowbottom, Laura Haggie, Florence Clark, Kirsten Adam, Patsy English and Virginia Humbert.

"If caught by traffic in the middle of the street, the best thing to do is to stand still," says an expert. And if time permits, scribble a farewell message on the back of a visiting card.

POLICE BALL IS ASSURED SUCCESS

Record Attendance Is Anticipated With Many Tickets Sold—Arrangements Complete

The fourteenth annual police ball, to be held at the Empress Hotel on November 9, promises to be one of the most outstanding functions of its kind this season, with a record attendance assured. Lieutenant-Governor Bruce and Miss Helen Mackenzie will officially open the ball, having honored the police with their patronage, at 9 o'clock, and dancing will continue to probably 3 o'clock in the morning. A fourteen-piece orchestra will provide the music, novelty numbers having been arranged by Chief of Police John F. R. Constable Arthur Bishop. One of the features of the evening will be the dual piano accompaniment, to the orchestra, which is being introduced into Victoria for the first time.

The committees in charge report all arrangements complete. The committees are as follows: Reception—Deputy Chief Harry O'Leary (chairman), Sergeant Thomas Hall, Sergeant J. McCallan, Sergeant Marcus Phillips, Detective Jack Rogers and Detective William Stark. Ticket—Constable Arthur Bishop, Constable Percy Richards, Constable Andrew Wood, Constable H. Jones, and Constable Fred Pook. Refreshment—Sergeant Thomas Healey (chairman), Sergeant James H. O'Leary, Sergeant J. McCallan, Constable J. Blackstock, Constable Peris Atkinson, Constable Duncan MacPherson, and Constable Henry Jarvis. Decoration—Inspector J. T. Bolton and Constable Arthur Bishop. Secretary—Constable Arthur Bishop.

CHURCH BAZAAR
Oak Bay United Church Women's Association held a well-attended meeting on Wednesday afternoon at the home of Mrs. F. R. Wright, 1640 Gladstone Avenue, when final arrangements were made for the annual dollar bazaar. This event will take place in the church schoolroom on Wednesday afternoon, November 14, commencing at 3 o'clock. Mrs. W. A. Guy offered her home, 1547 Hampshire Road, for a tea and shower to be held in connection with the bazaar. The date set for this affair was arranged for Tuesday afternoon next, November 6, from 3:30 to 6 o'clock, to which all ladies of the congregation are invited to bring their donations for the bazaar. A programme of musical numbers will be rendered during the afternoon.

SOCIAL AT NANAIMO
NANAIMO, Nov. 2.—At the home of the president, Albert Green, 48 Strickland Street, last evening, the Lancelotti Tuxis Square held a social time. After the finishing of business games were held, the winners of the various contests being William McKenize and Max Horne. The chief artist of the evening was "Yousky" Gray, who provided much merriment till the end of the party.

Employer—"I would engage you at once, only I would have a married man."

Applicant—"Well, sir, keep the job open for an hour and I'll oblige you. It's much easier to find a wife than a job in these days."

TWO THEATRES ARE SECURED TO HOUSE BENEFIT CONCERTS

In connection with the benefit for the Protestant Orphanage set for November 18, Mr. Joseph North, the promoter, announced last evening that tickets were selling so well that an extra 1,000 would be issued. In addition to the Capitol Theatre, the Playhouse has been secured for the evening accommodation. Messrs. C. Owens and Sidney Petch have promised to assist in the programme. It is expected that 3,000 tickets will be disposed of before the concert is held.

MINISTER ATTENDS TEACHERS' PARLEY

Hon. J. Hinchliffe, Minister of Education, is attending a convention of teachers being held in the city of Kamloops this week-end. The gathering takes in the teachers of the district, and is expected to be well attended. With a desire to meet the teachers of the province, the Minister embraced the opportunity that presented itself for attending this meeting. He will address the gathering, and will take the opportunity while there to study the problems which the teachers have to face in the performance of their important duties.

Benefit Dance Given

The Five C's Football Club held a successful benefit dance and card party on Thursday evening, at the Temple Hall. The benefit was for Stanley Davies, the club's goalkeeper, who broke his leg a month ago, during a game with the Thistles. The president, Mr. W. M. Sutton, and executive members, wish to thank the sporting public for their support, also Dr. Clem Davies for the free use of the hall, and the numerous ticket sellers; and Eric Pavers' orchestra for their voluntary services in supplying music for the dance; also The Colonist for the publicity rendered. Mr. Alex. Hood made a capable M.C., and Messrs. Sands and Adie were in charge of the card games. A substantial sum will be handed over to the unfortunate athlete, who will be months out of the game.

YOUNG PEOPLE'S SOCIAL

The Monday night meeting of the Young People's Club of the First United Church took the form of a "Young People's Social" last night, when members were led up a darkened staircase, where they received a mild electric shock before proceeding to the main hall, where the social was held. During the first part of the evening games and contests were much enjoyed. After supper, in a room suitably decorated for the purpose, a realistic ghost story was told by Mr. Jack Taylor, in which he related a terrible encounter in a cemetery at night. After a most enjoyable evening the meeting closed. The club invites Victoria's young people, especially Normal students, to attend its meetings.

Begins Series of Dramatic Readings

The much-talked-of "And So To Bed," J. B. Pagan's dramatization of a hypothetical continuation of Samuel Pepys' delightful diary, was used by Mrs. Guy Goddard yesterday for the first of a series of private dramatic readings which she is giving during the Winter. The next one will take place a fortnight hence, and fortnightly thereafter. Mrs. Goddard explained, in a brief introduction to the reading, that the author in his preface to the play, had admitted there was no historical foundation for the happenings in "And So To Bed"; he had, however, found the seed in an entry of September 27, 1667, in Pepys' diary (the whole period covered by the diary was from 1660-1669): "After dinner I to my office, and they go on, anon comes Pelling, and he and I to Gray's Inn Fields thinking to have heard Mrs. Knight sing at her lodgings," the entry after reciting further details, concluding with "And So To Bed." Upon this slight authentic foundation the playwright had constructed his comedy, written in a spirit worthy of the diarist. Clever discrimination was shown by Mrs. Goddard in the cutting of the three acts, and her reading showed lively appreciation of the various characters, the chief of which are Charles II., Samuel Pepys, his friend Pelling, Mrs. Pepys, Mrs. Knight, Mrs. Pelling, Mrs. Knepp and Julia.

Non-Entities Dance

No detail had been spared for the enjoyment of guests at the Non-Entities' dance last night at Amphion Hall, Yates Street. The seven-piece orchestra played a most excellent programme, and in their brilliant high-brilliant costumes and black masks made a striking picture on the stage. Unusual lighting effects added to the attractiveness of the room. Upon her arrival, Mrs. S. F. Toine was presented with a beautiful bouquet of pink carnations. She was accompanied by Miss Carol Tolmie. The Non-Entities themselves were in high-waisted costumes, their faces masked. During the evening a number of diversions were given, the reciting of "The High-waisted" being particularly well done.

Clovelade Social
Mr. and Mrs. Peter Brogan, 3338 Whittier Avenue, Cloverdale, entertained the members of the executive committee of Ward 2 Saanich Conservative Association and friends at their home on Thursday. A very enjoyable social evening was spent and a varied programme, consisting of piano and violin selections, songs and recitations, was excellently carried through to the delight of those present. Those taking part in the programme were: The Misses May, Jean and Betty Brogan, the Misses Cecilia and M. Lewis, Mrs. A. H. Spur, Mr. Richard Woods and Mr. J. McNair Paterson. Dainty refreshments were served during the course of the evening. Among the guests present were: Mr. and Mrs. Drake, Mr. and Mrs. A. H. Spur, Mr. and Mrs. R. Woods, Mrs. Sparks, Misses J. M. Nesbitt, Harry Tolmie, H. Lingham, Childs, Rowlands, J. McN. Paterson, Dave Lewis and George M. Watt.

Costume Party
A merry party of young folk in gay masquerade costumes assembled at the home of Mrs. Fred Daniels, 36 Government Street, Wednesday evening. The rooms were decorated with the time-honoured symbols of the occasion, and orange shaded lights lent glamour to the scene. Mrs. Pollard, as a witch, showed an amazing knowledge of the future and was eagerly consulted by the guests. Many novel and amusing games and contests were enjoyed by one and all. Dainty refreshments were then served by the hostess, after which the guests danced until a late hour. Among those present were Misses Muriel Driver, Margaret Tuttle, Helen MacDonald, Eva and Hazel Cross, Mary Robertson, Dulcie Chaston, Helen Boer, Margaret MacLaurin and Messrs. Glen Chaston, George Driver, Todd, Ray Grant, Eric Driver, Dick Bolton, Dick McCullough, Alec MacLaurin, Hugh Francis, and others.

At Windermere Hotel
The latest guests arriving at the Windermere include Mrs. C. Wace, Cobble Hill; Miss M. E. Wells, Cobble Hill; Mr. H. C. Graham, Victoria; Mr. Ronald J. Appleton, Penikese; Mrs. Cheverton and child, Duncan; Mr. and Mrs. Alan Joseph, Los Angeles; Mr. and Mrs. Grant, Seattle; Mr. and Mrs. Charles Boden, Bellingham.

Her Latest Photograph

The daughter of the Duke and Duchess of York, Princess Elizabeth, whose most recent photograph is shown above, is at present third in succession to the throne of Britain.

Tea Hour Hostess
Last Wednesday, Mrs. J. N. Hollins was hostess at the tea hour at her home, "Bonita Vista," Quadra Street. The invited guests were Mrs. A. J. Woodward, Rev. Mr. and Mrs. J. M. Wood, Mrs. W. Woodward, Mrs. C. Penner, Mrs. Clearhugh, Mrs. Homer, Mrs. Arbuckle, Mrs. N. F. Hunter, Mr. and Mrs. Hedge, Miss O. Woodward, Mrs. F. Healings, Mrs. C. Penner, Mrs. Cunningham, Mrs. E. H. Blackmore, Mrs. C. P. Campbell, Mrs. Lancaster, Mrs. Allen, Mrs. W. Arnot and Mrs. Simek, of Port Arthur.

Hallowe'en Party
A Hallowe'en party was held on Wednesday evening at the home of Mr. and Mrs. J. Hutchinson, 729 Admirals Road. The rooms were prettily decorated in Hallowe'en colors. Among those present were Mr. and Mrs. J. English, Mrs. Bennett, Mrs. Bray, Mrs. Beadle, the Misses Lillian and Mamie Newell, Doris and Clara Turner, Violet Chalmers, Bertha Turner and Messrs. D. Newell, C. Bennett, B. Hutchinson, K. Richmond, G. Porter, J. McCandless, J. Fenswick and E. Adams.

Surprise Visit Paid
A pleasant evening was spent at the home of Mr. and Mrs. W. Rankin, 43 Logan Avenue, recently, a number of friends paid a surprise visit to Mr. W. Rankin and Mr. O. Persen, of the Yukon, who are spending the winter in Victoria. Those present were Mr. and Mrs. Westby, Mr. and Mrs. McKay, Mrs. A. Heale, Mr. and Mrs. W. Rankin, Mr. and Mrs. Frank Hurley, Misses Nellie MacKay and Constance Orrick, and Messrs. Jack Boydell, Bob Heale, Orville Duval, Will Westby, Ray Blashfield and Keith Rankin.

Eighty-Fourth Birthday
A delightful surprise party was held in honor of Mrs. R. MacDonald at her home, 1146 Caledonia Avenue.

Fashion Fancies
By Marie Belmont.

Here is a frock that carries out the uneven line both on the waist and the skirt. As you can see the waist is slightly shorter in front, as is the skirt.
Blue taffeta, very soft and lustrous, is the medium. Its skirt is, of course, very full, and sports an enormous bow, which ends in very long, wide streamers.

last Wednesday evening on the occasion of her eighty-fourth birthday. The self-invited guests were Mrs. MacKinnon, Mrs. Wood, Mrs. Penner, Mrs. Webb, Mrs. Smith, Mrs. Benyon, Mrs. Mossop, Mrs. Ablett, Mrs. McDiarmid, Mrs. Schofield, Mrs. Williams, Mrs. Draper, Mrs. Bredin and Miss Bredin, and Miss MacDonald. During the evening Mrs. MacDonald was the recipient of some lovely gifts.

From Mainland
Mr. W. E. Payne, secretary of the Vancouver Board of Trade, is at the Empress Hotel.

Vancouver Visitor
Mr. George H. Cowan, of Vancouver, is registered at the Empress.

Ladies' Guild for Sailors Plans Birthday Tea

Arrangements for the annual birthday tea and lighthouse shower were made on Thursday afternoon at the November meeting of the Victoria Ladies' Guild for Sailors, held in the Connaught Seamen's Institute, Superior Street, the president, Mrs. Alice Thomson, presiding. Madame Claudet will be in charge of the musical programme, and the tea will be conveyed by Mrs. E. Vernon Thomson, assisted by Mrs. Snowden and Miss Schwartz. The date of the celebration to be Wednesday, November 28. It was announced by the president that Admiral Breen and Mr. Barker, who are coming to Victoria to inspect the Victoria (Connaught) Seamen's Institute, will be the guests of His Excellency the Lieutenant-Governor and Miss Mackenzie during their stay here, and that a reception will be held for them at Government House. The time of the visit to the Institute will be announced so that members of the guild may attend at that hour. Mrs. Sayer read the report of the secretary and also reported for hospital visiting, having called upon patients at the Jubilee Hospital during the past month, bringing gifts and cheer to five or six sailors. Mrs. Finmore visited the six patients in St. Joseph's Hospital weekly and found them all progressing well. A letter from the Local Council of Women, enclosing the resolution passed by the Allies Chapter, I.O.D.E., "That the Local Council of Women endeavor to have the Douay or Authorized version of the Bible read in the schools without comment," be endorsed or otherwise by the guild, put to the vote, the resolution was endorsed. Mrs. Goodlake, wool convener, brought in seven pairs of socks and four jerseys, and Miss Schwartz and Madame Claudet also contributed some knitted garments. Mrs. Goodlake asked to be relieved of her duties as convener, and was succeeded by Miss Schwartz. The meeting thanked Mrs. Goodlake for her valuable services at the head of the committee for so long a time. Members were pleased to learn that during the past month 418 men and thirty-two apprentice boys had visited the Connaught Institute and enjoyed its privileges; also that a zipper had been given the Sea Cadets on Friday evening. Accounts passed were ordered paid, and the secretary, Mrs. Gordon Smith, showed a very satisfactory statement of finances. Mrs. Smith moved, seconded by Mrs. Vernon Thomson, that the president, Mrs. Alice Thomson, be made a member of the Navy League representing the Ladies' Guild for Sailors. This was unanimously endorsed. Further plans for the festivities were discussed during the serving of tea.

Nanose Bay News

Mr. and Mrs. W. Costons and family have arrived from Cameron Lake and taken up residence at the section house.

Mr. E. Smith is visiting in Vancouver.

Mr. J. Guenette has left Nanose to make his home in Vancouver.

Hallowe'en Party Aids Neglected Children

The Hallowe'en party given by Mrs. Fred Doherty, 2318 Douglas Street, on Wednesday evening, for the benefit of the Protestant Home for Neglected Children at New Westminster, realized \$18.25. This amount is to be used by Queen of the Island Lodge of the Ladies' Orange Benevolent Association to provide clothing and comforts for the children. The social programme was a success in every respect. Miss King presided at the piano and gave several selections. Songs were rendered by Mrs. W. Baker and Miss Ceila Lewis, recitations by Miss May Lewis, and fancy dancing by Miss Muriel Ross. A guessing contest arranged by Mrs. Laine was won by Mrs. Whyte and Mr. Hoey. House Housie was also played and prizes were awarded Mr. T. H. Carson, Mrs. Hoey, Mrs. Drysdale and Miss Muriel Ross. Mrs. Taylor was kept busy with the past present and future. Refreshments were served.

Metchisin Personals

Mrs. Jordan left on Wednesday for Courtenay.

Mrs. F. F. Higgs, of Albert Head, entertained with three tables of bridge on Wednesday afternoon.

Mr. R. Meredith Jones arrived on Wednesday to spend a few days at his home on the Metchisin Road.

On Thursday afternoon Mrs. Bradford, of William Head, entertained guests at tea with two tables of bridge.

Strawberry Vale News

Leslie Wood, who has been visiting relatives in the district, has returned to Trail, B.C.

Mrs. Alex Munro, North Road, who has been a patient in St. Joseph's Hospital, returned to her home on Thursday.

Langford Personals

Mr. A. B. Cuthbertson has bought Mrs. E. O. Blade's property on Dunford Road.

Mrs. Woodcock, of Vancouver, who has been visiting Mrs. Ernest Cougher, on the Island Highway, has returned home.

Girls "Hike" Today

To be led by Rev. Robert Connell, a "hike" for girls, under the auspices of the Y.W.C.A., will leave the association headquarters at 2 o'clock today, proceeding to Mount Douglas. Those intending to make the trip, and who have not already communicated with Miss Bradshaw, the general secretary, are asked to do so at once.

A SURE RELIEF FOR WOMEN'S DISORDERS

DR. O. H. COOMLEY'S ORANGE LILLY
Orange Lilly is a certain relief for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief. The blood vessels and nerves are toned and strengthened, and the circulation is rendered normal. As this treatment is based strictly on scientific principles, and acts on the actual location of the disorder, it cannot help but do good in all forms of female weakness. At The Playhouses

DOMINION This historic "Dempsey-Firpo" fight has been reproduced for the screen in "The Patent Leather Kid," Richard Barthelmess' big first National production, which is showing at the Dominion for the last time today. A remarkable cast supports Richard Barthelmess, including Molly O'Day, a sensational screen find, who plays the feminine lead, Arthur Stone as Jimmy, the trainer, Matthew Betz as Skunk, the kid's manager, and Raymond Turner as the colored second Molasses. Lawford Davidson is the villain.

CAPITOL Charles Delaney, who plays the reporter in "Show Girl," Alice White's picture, which is now being presented at the Capitol Theatre, is a reporter of 1928. That is to say, he has none of the mannerisms of the typical reporter of stage and screen. He is calm and cynical, true, but also he works. And he has a real hope of success as a playwright. The stage attractions include Galangis, a complete juvenile musical revue, August Proster, the noted Italian operatic baritone, and Sugar Foot Brown.

COLUMBIA Probably the most phenomenal rise in the value of horse-trading and selling is that recorded in the spectacular history of "Tony," the world-famous wonder horse upon which Tom Mix, "ace" of Western screen stars, has ridden to the heights of success. Tom bought Tony as a colt for \$12 from an itinerant vegetable peddler. Tony is seen with Mix at the Columbia Theatre in "Son of the Golden West."

AMUSEMENTS

THE SCREEN
Capitol—"Show Girl," starring Alice White.
Columbia—Tom Mix in "Son of the Golden West."
Coliseum—"Half a Bride," featuring Esther Ralston.
Dominion—Richard Barthelmess in "The Patent Leather Kid."
Playhouse—"Silk Stockings," starring Laura La Plante.
Variety—Charles Paddock in "High School Hero."

THE STAGE
Royal—Ballet Highway in "The Dark Lady of the Sonnets."

VARIETY One of the most amusing as well as revealing comedy dramas of many months, Fox Films feature, "High School Hero," is showing at the Variety Theatre for today only. This is a picture of youth and romance and a cast of youthful players are cast in the feature roles, including Sally Phillips. Also on the same bill is "Sharp Shooters," starring George O'Brien and Lois Moran.

PLAYHOUSE Laura La Plante, who has made such a hit in "Silk Stockings," which is showing at the Playhouse Theatre for the last times today, discovered her comedy talent by being given a lead opposite Reginald Denny. "Silk Stockings" was directed by Wesley Ruggles with a supporting cast, including John Harron, Otis Harlan, William Austin, Tempe Pigot, Marcella Daly, Ruth Cherrington, Heinie Conklin and Burr McIntosh.

COLISEUM Miss Ralston, Gary Cooper, who plays the reporter in "Show Girl," is a reporter of 1928. That is to say, he has none of the mannerisms of the typical reporter of stage and screen. He is calm and cynical, true, but also he works. And he has a real hope of success as a playwright. The stage attractions include Galangis, a complete juvenile musical revue, August Proster, the noted Italian operatic baritone, and Sugar Foot Brown.

DOUBLE BILL at Royal Today by the Colbourne Troupe

Today is the last opportunity that theatregoers in Victoria will have of seeing Maurice Colbourne's All-English Company in plays by Bernard Shaw, "The Dark Lady of the Sonnets" and "Fanny's First Play" will provide excellent entertainment at both matinee and evening performances. In the "Dark Lady" the role of William Shakespeare will be played by Ballo Holloway, considered to be one of the finest Shakespearean actors of the day. It is a short one-act play, but full of romance, the setting being at the court of Queen Elizabeth, and is as witty as any Shaw can be. Mr. Holloway is also supported by Miss Barbara Wilcox, who has established herself as such a favorite with Canadian audiences; she will play Queen Elizabeth.

The Cuban Government is assisting farmers in the growing of rice.

Back From Aleutian Isles

MEMBERS of the Stoll-McCracken sub-polar expedition in Montreal on their way to New York where they will report on their archaeological and other discoveries in the Aleutian Islands. At the left of the group is Charles T. Stoll, of New York, director of the expedition, and Mrs. Stoll, the only woman member of the party. Fourth and fifth from the left are Harold McCracken, co-leader of the expedition, and Dr. H. E. Anthony, curator of mammals of the American Museum of Natural History.

"BARBERRY BUSH"

One Girl's Marriage Problems
By KATHLEEN MORRIS

Barbara's joyous enthusiasm filled the awkward little space. She jumped from her seat and went around the table to Marianne and kissed her, and Harry shook Link's hand, a broad grin on his face. "Of course, I suspected!" exclaimed Barbara. "Everyone does. But it is fun really to know." And presently, in a pause in the general babel she could ask, "But tell us your plans. When is the wedding to be?" "September," Link said promptly. Barbara looked her surprise. "September? Isn't that a long way off?" "Well, we might as well tell them the whole story, mightn't we, Link?" Marianne said then, impulsively. And, putting her slender elbows on the table and glancing from one expectant face to the other, she began: "You see, I did a very naughty thing when I first came to Cottonwood last year," she confessed. "I was really—Mrs. Scott, but I was so depressed and discouraged and overcast—generally that I thought it would be simpler just for a little while to be Miss. I wanted to be quiet! I wanted to let alone." Barbara, astonished, glanced at Link, who was smiling indulgently at Marianne. She could not remember any noticeable depression or any obvious desire for obscurity and quiet on Marianne's part upon her arrival in Cottonwood. She remembered flirting and dancing, and the Casino, and the instant revival of a long-dead gaiety and hospitality, not only in the Wilson house but in the whole neighborhood. A serious little chance of feeling began to shake some of the oldest and most solid foundations in her heart. The Wilsons—the Mackenzies—the "great people" of Cottonwood jolted, twisted, refitted themselves into her scheme. They were just—persons, men and women after all. And Link Mackenzie's girl, the girl who would be the social leader of the town some day was something—just a hint—less than she had seemed.

\$500,000 for Picture
LONDON, Nov. 2.—The Express says that Sir Joshua Reynolds' famous full-length portrait of Lady Betty Compton has been sold to an American picture dealer who has resold it to an unnamed American collector. It is said Lord Chesham, former owner of the picture, was paid more than £100,000 sterling for the picture, by far the highest price that any of Reynolds' works has commanded heretofore.

Few Will Recognize Cardinals Team When 1929 Campaign Opens

Veterans Will Be Replaced by Rookies on Ball Club That Was Crushed by Yankees—McKeechne May Be Shifted Elsewhere

NEW YORK, Nov. 3.—When the Cardinals come out on the field for the opening of the 1929 campaign, few will recognize them as the team that was crushed by the New York Yankees. The Cards are to be pretty well shuffled for a new deal next season. Many veterans will go and youths from the St. Louis chain farms will take their places. The quick shifting of Thuevener for Heinie Sand was the first move. Others will follow. It is believed that Manager Bill McKeechne will not lead the team. Admirers of the Scottish skipper are loud in their praises of his fine qualities as a gentleman, but are careful in their words about his ability as a leader. All in all it would seem as though they are pen-tying McKeechne's obituary.

St. Louis has several deals on with other National League clubs and an announcement is expected daily that will probably show where three other players are to appear next season. First of all, Flint Rhem is on the market. The Giants have the best chance of landing this big pitcher who has been of little value to the Cards since Rogers Hornsby departed. Two outfielders are slated to go. One is Blades, who rarely broke into a game last season. Before he met with an injury to his knee he was considered the most promising young player in the National League outfield. Cincinnati is looking for Blades and probably will throw in a third sacker to get this player who, if his knee is sound, would help the Reds.

BLADES TO BE TRADED
The drafting of Dutkoff from Newark leads to the belief that the Reds will let Dreesen go to St. Louis in the Blades deal. Harper is another player who is booked for new pastures. When waivers were asked on this player last season the Reds refused to let him go and it is possible they may make a new move to acquire him. The pending deal with Cincinnati indicates that Andy High or Holm will not be retained at third base next season. The trading of Rhem has long loomed on the baseball horizon. The future of the veteran Alexander is in doubt, too. His showing in the world series caused his admirers that he can no longer go to the

Fielding All Set for McDonald Mix Tonight

Fast Fight Expected When Feathers Meet in Ten-Round Go—Dave Lewis to Take On Gordie Wallace in Semi-Wind-Up

After witnessing McDonald in action last night at the Victoria West Kootenay Hockey League will operate this season as in past years with Trail, Rossland and Nelson competing. Rossland early this week announced withdrawal from the league owing to inability to find work for players. Yesterday A. W. Smith, president of the Rossland club, stated that arrangements had been made to retain the team, and the miners will be in the running and the likely champions of the league. The announcement was greeted with joy by Kootenay fans, as prospects of a two-man league were now widely favored.

ROSSLAND DECIDES TO ENTER TEAM IN KOOTENAY HOCKEY
Nelson, B.C., Nov. 2.—The West Kootenay Hockey League will operate this season as in past years with Trail, Rossland and Nelson competing. Rossland early this week announced withdrawal from the league owing to inability to find work for players. Yesterday A. W. Smith, president of the Rossland club, stated that arrangements had been made to retain the team, and the miners will be in the running and the likely champions of the league. The announcement was greeted with joy by Kootenay fans, as prospects of a two-man league were now widely favored.

Varsity Gridders Invite Albertans for Exhibition
EDMONTON, Nov. 2.—University of Alberta Canadian Rugby team has been invited to play an exhibition game with the University of British Columbia in Vancouver on November 17. Whether or not only one game or a series will be played has not been decided. So far the University of British Columbia offer is only a tentative one, and Alberta will be unable to make answer until after they return from their Winnipeg trip, in which city they are scheduled to play the University of Manitoba on November 12 in an intercollegiate match.

PRESIDENT OF CUBS TO MAKE STATEMENT ON HORNSBY SHORTLY
CHICAGO, Nov. 2.—President W. L. Veeck, of the Chicago Cubs, is expected today that the status of Rogers Hornsby's 1929 baseball affiliation probably would be settled next week.

While refusing to admit that negotiations were under way for the purchase of the Braves' manager and second baseman, President Veeck guardedly hinted that there would be definite announcement within a few days.

VICTORIA LADIES PLAY DUNCAN TEAM AT OAK BAY TODAY

The grass hockey season will be inaugurated here this afternoon when the Victoria Ladies' Club will entertain a team from Duncan at the Oak Bay Park at 2:30 o'clock. The game is expected to be keenly competed, as the visitors have all ways fielded a strong aggregation on their visits to the city. The Victoria team will be as follows: D. Swayne, G. Barlow, M. A. Harris, Mrs. Ley, M. McConnan, N. Robbins, E. Money, D. Thomas (captain), K. Martin, O. Meredith-Jones, C. Layborne.

BELGIAN BATTLER DEFEATS SHADE

CHICAGO, Nov. 2.—Rene de Vos, Belgian maverick to the world's middleweight crown held by Mickey Walker, defeated Dave Shade, San Francisco challenger, in a ten-round battle here tonight.

It was the second victory the Belgian invader has scored over the San Francisco veteran. The victory establishes the European as the legitimate challenger for Walker's championship. The experts at the ringside credited the Belgian with winning four rounds, with two going to Shade and the remainder even. Each weighed 168 pounds.

There was an old man of Tanjore whose nose was a yard long, or more. So he wore the 4-inch thing in a surgical sling. To keep it from wiping the floor.

Three Members Of Pirate Hockey Team Suspended

PITTSBURGH, Nov. 2.—Ray Worters, Harold Darragh and Hibb Mills, three stars of the Pittsburgh Pirates hockey team, recently "laid off" by Benny Leonard, new owner of the team, tonight were officially notified by Frank Calder, president of the National Hockey League, of their suspension. The suspended men have been working out with the team. The salary differences, which were brought about the suspensions, may be discussed with Leonard at a conference, it was intimated.

SIX TEAMS ENTER COMMERCIAL LEAGUE

Rink Rats, Rapco, Garrison, Pitt's, I.E.S. and Plimley & Ritchie Will Play This Year

Six teams, Rink Rats, Rapco, Garrison, Pitt's, I.E.S. and Plimley & Ritchie, will play in the Commercial Hockey League this season. These clubs made known their intention of casting their lot with the league at a meeting held at the Y.M.C.A. last night. The next meeting of the league executive will be held at the Y.M.C.A. on Friday, November 9, at 8 o'clock. With no senior amateur hockey this year, the Commercial League is looking forward to one of its most successful seasons since inception. All league games will be played on Friday evenings instead of Mondays as last year.

Provincial Court

In the Provincial Court yesterday, Magistrate George Jay sentenced Charles Plimley and J. W. McKeechne each to one month's imprisonment on a charge of vagrancy. J. Pollock was fined \$15 when he pleaded guilty to a charge of driving to the common danger.

A Scotch professional golfer, after fourteen years of retirement, has resumed the game. Evidently he found his ball.

Boas (to Riley, who has lost a hand in an explosion)—"Tis a terrible accident ye do be havin'." Riley—"Yis, but it might've been worse—I might've had me week's pay in me hand."

C.P.R. to Present Radio Broadcasts in Connection With Empress Hotel and Crystal Garden

It was announced last night by the management of the Victoria Broadcasting Association that in a recent conference with Mr. J. H. Matheson, manager of Western Lines; Mr. J. H. Wilson, manager of the Empress Hotel, and other officials of the Canadian Pacific Railway, it was arranged that on and after November 3, two new programmes, originating in C.P.R. premises, will be presented daily over C.P.R.

Cattle Disease Germ Now Attacks Mankind

TORONTO, Nov. 2.—Provincial health officers stated last night that bacillus abortus, a disease which for years has ravaged cattle, has begun to attack men and women. The disease was definitely diagnosed in a human being for the first time last April, officials said, and since that time at least twenty cases have been reported to the police, and many more are believed to exist.

Handling diseased cattle is believed to be the main source of infection. The disease, also known as contagious abortion and undulant fever, has a low mortality rate, but hangs on for a long time and leaves the victim unfit for work.

Peerage Bestowed Upon Archbishop

Soon to Retire

LONDON, Nov. 2.—(Canadian Press Cable).—His Grace Most Rev. Randall Thomas Davidson, retiring Archbishop of Canterbury, has been elevated by His Majesty to the peerage. His retirement takes place on November 12, when he will be succeeded by His Grace Most Rev. Cosmo Gordon Lang, Archbishop of York.

The conferment of a peerage on the Archbishop of Canterbury will enable him to remain in the House of Lords, where he has been a prominent figure for many years. He is eighty years old and has served as Archbishop for twenty-five years.

CONFIDENCE IN BOARD DECLARED

Woodbine Mining Company Shareholders Hold Meeting—Checking Engineers' Reports

VANCOUVER, Nov. 2.—Little that was really new developed at the general meeting of shareholders of the Woodbine Gold Mining Company in the Board of Trade Building, Thursday night, when a vote of confidence in the directors was finally passed after a discussion lasting three and a quarter hours.

About 120 shareholders were present. The management and directors were severely criticized by several of the shareholders for the way things had developed, and it looked for a time as if the confidence vote might be opposed. On the motion being put to the meeting, thirty-eight voted in favor and eight against, the balance not signifying any opinion.

Stanley Burke, president, outlined the situation as it had developed, explaining that \$50,000 was due to be paid on the property in March and another \$100,000 at the end of next year. The company had \$90,000 in the treasury and approximately 1,300,000 treasury shares. Diamond drilling was proceeding under the direction of H. L. Batten, in view of the continuing reports

from various engineers who had reported on the property, the directors had submitted them all to the association of Engineers in British Columbia, which was checking them up and would report as soon as possible. That report would be furnished the shareholders.

Winnipeg Grain

(Supplied by Branson, Brown & Co., Ltd.)

WINNIPEG, Nov. 2.—Wheat: Both futures and cash wheat markets extremely slow today, with little or nothing of feature going on. Offerings were very light and prices were able to hold steady within a narrow range of about half a cent. There was a small export business in low grades worked overnight, but the demand against these sales was quickly filled up, after which the trade was small and local, largely spreading between the different months, with a little of the better quality wheat being offered. The offerings in the cash market were light and spreads on the lower grades were from 1/4 to 1/2.

Supplies are large in all positions in this country, but the elevator companies are not pressing the low grades on the market and are looking for some betterment in spreads. The pool, who were selling cash wheat yesterday, withdrew all offerings today. Export business out of this market has been slow all week, but still clearances from seaboard are large and the general opinion is that the pool is underselling the trade abroad. The foreigner is buying only for immediate requirements, being indifferent because of large supplies on this side. Private reports indicate that the Australian yield will not be as large as expected earlier in the season. This month is the critical one in growth of the Argentine crop with present conditions favorable. There has been a disposition on the part of the trade to await the speech on farm relief by Mr. Hoover tonight at St. Louis.

Cash Grain—These markets continue very slow, with a small trade passing. There is a little demand for barley, sufficient to absorb the light offerings and hold the market steady. Nothing doing in oats or rye, but the pressure is very light.

Flax—Dull, featureless market. Demand very slack.

FUTURES

Winnipeg, Nov. 2.—High-grade ore was struck in Bathurst Mines ten days ago and since then drifts East and West have been continuously in high-grade ore over the width of the drift. The West drift averages \$240.44, and the East \$102.80. The vein on which work is now being done is known as No. 3, and is striking in the direction of a former spectacular strike from which it is distant 550 feet. The property now looks like an assured mine. The small stamp mill will be ready for operation the first week in December.

"I am sorry to hear that your wife died on a banana skin and broke her leg," was the most unfortunate thing that was carried her into a dressmaker's."

HAD 17 BOILS ON HIS NECK ARMS AND LEGS

Mr. A. L. Willos, Repton, Man., writes: "I had been bothered with boils for about two years. I had even on my neck, arms and legs. I tried all kinds of medicine, but none of them seemed to help me any. I then used two bottles of

BURDOCK BLOOD BITTERS

ad I have never been bothered with any boils since then."

The NORTHERN LIFE ASSURANCE COMPANY OF CANADA
ESTABLISHED 1897

Toronto Mines

(Supplied by R. F. Castle & Co., Ltd.)

TORONTO, Nov. 2.—The market was spotty and inclined to sag in today's session of the Standard Mining Exchange, little resistance was offered when any selling pressure appeared.

Noranda opened up with a gain of \$1.40 at \$77.50. However, it failed to hold the gain and declined steadily throughout the session to a low of \$74.40, closing at \$74.10. Bathurst and Capital Royalty monopolized a considerable part of the day's trading. On reports of finds of importance made on these two properties, Bathurst and Capital Royalty both responded with a healthy advance from 23 and 20 to 29 1/2 and 26, finishing at 29.20 1/2 and 24.25. Abana at 3.80-85 was off 5, while Amulet at 305-318 was ten points weaker. Spreads were not so violent in the afternoon's trading as in the morning. A more uniform tone being in evidence throughout the session. At 4 1/2 to 4 3/4 Jackson Manion was off 1 point from the opening. The expected drop in Malartic was materialized after the director's report was made public this morning. Close students of the Malartic situation intimate that covering by investors who were short helped to hold Malartic around the 1.10 mark. At 1.11 to 1.12 Malartic was off 5 points. Newbec slumped from 27 to 25. Sudbury sold as high as 8.50 but softened to 8.15-20 at the close. At 64 to 65 Vipond was 3 points weaker. Wright Hargreaves was unchanged, while Tough Oakes eased off 4 points to 12-13 1/2.

International Telephone and Telegraph, which has been recommended for several days past, has, I believe, finally inaugurated its move. While the stock is not yet available to the public, I consider that you are warranted in advancing the buying range now to read 185-190. Schulte's stock, which is continuing its decline, should be set aside into the American if the stock has not already been sold.

Weekly Grain Review

(Supplied by Branson, Brown & Co., Ltd.)

CHICAGO, Nov. 2.—There was buying by houses with Eastern connections that attracted considerable attention, and which served to rally the market at times, but all of these buyers should be set aside into the American if the stock has not already been sold.

There is no doubt but what consumption on the other side is of liberal volume and the reports coming from Russia are not favorable. It is generally believed that Russia will have to import wheat before the season is over, and it may develop that such importation will be a factor in the market. That is something that will be determined later. At the moment the trade is based with the largest stocks on record, against which the hedging has been less than usual. This is why the market feels the weight of hedge as it is under way. A note from Russian marketing of wheat are still of large volume, although not running as heavy as a year ago, when the last was later than this year. Private estimates of the Australian wheat crop indicate that production will not be as large as expected earlier in the season. The yield, however, will exceed that of last year in a material way. Argentine crop conditions continue favorable generally. This month is a critical one in the growth of their crop, but there is nothing at present to create apprehension that the Southern Hemisphere will have more wheat to export than last year. Therefore, buyers on the other side are not in any necessity of buying ahead to any extent, as they are assured of ample supplies. Investment buying on wheat in this market is based upon belief that the price is at a level where consumers will take it freely as they would lower down, that warehouse conditions have been discounted and that the important developments from now on will be on the bull side. Winter wheat acreage promises to be a little smaller than a year ago and the condition is not as good as last year. The market report is to be a two-sided affair for the time being.

Corn: Prices have advanced in face of large receipts and not a little local opposition. Some rather substantial buying developed and a number of shorts were disturbed. A change for the worse in the weather and a falling off in country offerings served to affect sentiment. Weather is a very important item this time as it governs the volume of movement to a large extent and the consequent buying and selling of stocks of corn are practically nothing. Private crop estimates were smaller than a month ago and the production plus the carry over taking the average, is only 89,000,000 bushels in excess of last year. Considering the fact that consumption of the new crop commenced much earlier than usual, and that the export business has been of a volume much in excess of recent years, this indicated a loss is nothing to worry about. Last year's crop was disposed of readily and to an extent that would have caused alarm had production been less than it was. This country cannot afford to go into every year with a carry-over as small as was the case this season. The Southwest reports that exporters are bidding for

anything, it will construe the report as bullish.

The four Federal Reserve statements on the same subject showed a total of \$37,000,000 increase for the period approximately covering the month of October, and, remembering that the last month the Stock Exchange figures showed an increase of \$46,000,000, the Street was prepared for anything of an increase up to \$50,000,000. The fact that the actual increase was within \$30,000,000 of what was already shown by the combined Federal Reserve statements takes any elements of surprise out of the Stock Exchange figures, other than the surprise that the increase was not larger. Meantime, call money has started its decline and was available in the outside market as low as 6 1/2 per cent.

The one fact which will stand out is that this month's increase in the "B" stock has been the largest since the new financing was exceptionally heavy, less by approximately \$100,000,000 than the increase which was recorded in September. I continue of the belief that the market will continue its advance today and Monday and then go higher after election.

Marland Oil is through to a new top for the year, engaging in a move which, I believe, will be just as profitable to those who follow it as the Sinclair move which pulled the market up yesterday.

Marland is headed for an objective of somewhere between 60 and 65 and, consequently, is still recommended for purchase. There is likewise recommended for purchase at this time Pan American Petroleum, which is available below 53. Since the "B" stock has the best market, commentators should be made that the reason for the recommendation, in a nutshell, is that at the present market values, Pan-American holdings of Mexican Petroleum and Sinclair are equal to 87 1/2 shares on the combined "A" and "B" stocks, which are selling in the low 50's. No allowance whatever is made for the balance of the company's

International Telephone and Telegraph, which has been recommended for several days past, has, I believe, finally inaugurated its move. ANSWER TO YESTERDAY'S PUZZLE

Health and Diet Advice

By DR. FRANK MCCOY

TUBERCULOSIS

The number of deaths from tuberculosis per thousand population is steadily decreasing each year. In 1912 the number of deaths per 100,000 was 130, and the number has gradually decreased until the latest census has shown a reduction to 73.7 per 100,000. This steady decrease in the number of deaths is probably due to improved sanitary measures that are now being employed throughout the world, and to a better understanding by the general public as to good foods.

The anti-tuberculosis societies have been of much value in spreading information about this disease and in teaching people to avoid becoming overly tired. It is likely that the number of deaths from this disease will be still further reduced as the information about how to build and maintain health becomes more popular.

From my personal experience in diagnosing and treating thousands of cases of tuberculosis, I have been forced to believe that the most common causes of tuberculosis are: first, an immovable diaphragm and a small chest capacity; second, becoming over tired, which lowers the resistance and permits the toxins to accumulate within the body; third, wrong eating, which permits the body to become seriously deficient in alkaline elements.

Tuberculosis of the lungs originates with foreign material which accumulates in the lungs of the sufferer. I do not believe that the bacillus of tuberculosis is a primary cause of this trouble, since I have seen many advanced cases where it has been impossible to find any trace of this bacillus.

A quick form of tuberculosis, known as galloping consumption, usually causes death between the first and third months. Those cases which recover usually settle into chronic tuberculosis.

This disease may lurk in any portion of the body, but is most frequently found in the lungs, usually beginning in the apex or upper lobe. The onset is quite gradual and there usually is a period of months or even years of a noticeable tendency to become easily tired. This condition, accompanied by a persistent cough and large quantities of mucus, should arouse suspicion and one should immediately begin a process of strengthening the body.

Night sweats often occur in the earlier stages of the disease and a patient may feel as tired in the morning as when he retires.

Tuberculosis gives plenty of warning, and one who has a tendency to have this trouble should lose no time in attempting to overcome the condition.

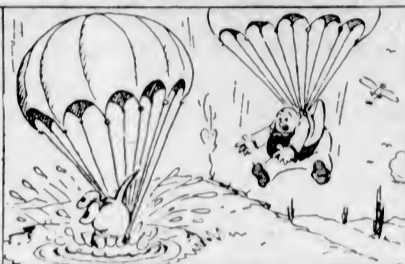

In tomorrow's article I will give you the dietetic and hygienic measures which I have found most satisfactory in preventing the serious development of tuberculosis.

Correspondents wishing to communicate with Dr. McCoy are advised that his address is Builders Exchange Building, Los Angeles, California, U. S. A.
